

2016 Family Law Conference

Case Evaluation Clinic

With Tim Eblen and Michelle Freed

Get Customized Advice for Your Client! Tim Eblen and Michelle Freed are offering a case evaluation clinic on Saturday morning from 9:00 a.m. – 12:00 p.m. (noon). Their practice specializes in both sides of the debtor/creditor divide, including advising creditors and debtors on their rights, obligations, and options, with regard to unpaid debt. This includes bankruptcy representation, and the prosecution of consumer law violations, such as unfair debt collection practices and unfair trade practices. They regularly advise individuals concerning debt/credit matters that are related to a divorce. The case evaluation clinic is an opportunity to get confidential insight on questions concerning a creditor or debtor issue that may be impacting one of your clients. To maximize the value of each 15 minute time slot, please bring any documents and information that you think might be relevant (e.g. a copy of any judgment, information about the debtor's assets generally, documents evidencing a debt at issue).

How to Register for a Spot? Register for a 15-minute time slot below by emailing Jennifer Brown at jenniferbrown@eggertattorney.com or calling Jennifer at (503) 837-6111. You may also register for a time at the registration table in Sunriver. Spots will be filled on a first come basis.
